Our Award Winning, Local Company has Helped Over 420 Homeowners Sell Their House

HOME BUYERS OF PITTSBURGH

Will Help You Too!

Many homeowners may find themselves in a stressful situation where they want or need to sell their home, but wish for a quick and stress-free process that traditional realtors can’t provide. It can be difficult to know where to turn under these circumstances. Fortunately, the Home Buyers of Pittsburgh can be a great, trustworthy solution for this painful predicament.

Who are the Home Buyers of Pittsburgh?
Home Buyers of Pittsburgh was formed in 2015 and focuses on assisting homeowners with quick and easy house sales. Their team is committed to helping sellers get fair prices for their homes and treating sellers and owners with compassion and respect.

Can Home Buyers of Pittsburgh help me?
Yes! Whether your house is recently updated and you have no time constraints, or you are in a dire situation, there are options for you.

“When somebody gives us a call and they tell us about the house and the situation, we have different avenues they can take,” said Ryan Scialabba, co-founder of Home Buyers of Pittsburgh. They are focused on making the process as easy as possible. If a homeowner is looking for a quick sale on a house in need of repairs, they can help. There can be many reasons for this need, including financial trouble, the owner’s declining health, looming foreclosure or inherited houses that are undesired or cannot be managed. Often, when these situations arise, selling your house quickly is a high priority. This is where Home Buyers of Pittsburgh come in to assist. Even in the rare circumstance where they can’t help, they will refer a customer to a different company.

What is the process for selling my house to Home Buyers of Pittsburgh?
The process begins over the phone or on www.homebuyersofpittsburgh.com with their Sell Your Home Fast Form. Following, there will be a quick phone consultation. This is just to assess the house initially to make sure Home Buyers of Pittsburgh will be a good fit. They ask about the location of the house, what condition the house is in, when it was built, and what updates and repairs may need to be made. They will also schedule an in-person tour of the house in this phone call. That home consultation will be about 20 to 30 minutes long, and will provide the team the opportunity to assess the cost of repairs and updates to the house. They can then put those costs and observations into their software and calculate an offer. “Nine times out of ten, we’re either making an offer or providing a strategy at the appointment,” Scialabba said. These cash offers are fair, transparent, and based on market prices. There is no need for paying a realtor, and there are no closing costs.

What will the timeline look like?
The Home Buyers of Pittsburgh will work on your timeline. Often times, they can schedule home tours and consultations over the phone for the same day as your initial call. After sellers accept their offer, closing is on the seller’s schedule, and can typically be done in as quickly as 21 days.

Can I trust Home Buyers of Pittsburgh?
The Home Buyers of Pittsburgh team understands that many people come to them in difficult and stressful situations. They are committed to making fair, win-win transactions in their home purchases. “We’re long-term-minded company based on core values. Everything we do is based on our core values of believe, serve, win the day, and integrity, always do the right thing,” said Scialabba. The team also has a lot of accolades to speak for them. They have an A+ rating with BBB, a 5-star Google rating, have been featured in the Pittsburgh Post-Gazette, and also the Pittsburgh Business Times as the #1 Fastest-Growing Company in 2019, Inc. 5000 #747 and #541 Fastest Growing Private Company in the Nation, and have been seen on KDKA, CBS, and heard on KDKA AM Radio Monthly as your Pittsburgh Real Estate Experts.
